INSURGENTS TEST IN GOPHER STATE

Minnesota Voters Declaring Themselves Today at Primaries.

INSURGENTS RUN IN ALL DISTRICTS

Jim Tawney, Cannon Aid, is in Big Fight and Says He Will Win.

St. Paul, Minn., Sept. 20.—With the weather favorable for polling the largest vote ever cast at a Minnesota primary election, Minnesotans are today choosing their party nominees for congress, county offices and the state legislature. While there are some contests on among candidates for the legislature due in most cases, to the county option question interest naturally centers in the congressional contests in which, because of the prominence of the men involved, the country at large as well as Minnesota, is interested. Several of the nine Minnesota congressmen have hard fights on their hands their opponents in all but one instance being pronounced insurgents. In the First, Fourth and Fifth districts, the fight has been hottest.

James Tawney wound up the hardest fight of his congressional careers last night. Theodore Roosevelt, Gifford Pinchot, Francis J. Heney and other exponents of progressive republicanism, have taken a hand in the fight against Tawney, who is opposed by Sidney Anderson, a young attorney. Anderson and his supporters have during the campaign vigorously attacked Tawney's legislative record and have made their appeal as supporters of the Roosevelt policies. It is generally conceded that if Tawney wins it will be by a small majority.

Practically the same conditions exist in the Fourth, where Fred C. Stevens is opposed by Hugh T. Halbert, and in the Fifth, where Frank M. Nye is fighting it out with A. H. Hall.

Representative Clarence R. Miller, of Duluth, is opposed by Alex G. McKnight, who is running on a radical insurgent platform and Halvor Steenerson, of the Ninth, has opposition in the person of Henry O. Bjorge, who is running on the assertion that Steenerson is not an insurgent.

W. S. Hammond, Minnesota's only democratic congressman has only nominal opposition in his party, but F. F. Ellsworth and A. L. Ward are fighting for the republican nomination.

JIM IS CONFIDENT.

Winona, Minn., Sept. 20.—A large vote is being polled in the first district today. At Congressman James C. Tawney's headquarters in this city confidence is expressed in his renomination, it being claimed he will carry seven or eight of the ten counties in the district. Although making but one public address in reply to Gifford Pinchot, Mr. Tawney has nevertheless conducted a vigorous campaign, emphasizing the claim that the attacks made on him outside the district have been from interests that he has antagonized by failing to give appropriations requested. He has asked support on his record and good work done for his district.

MILLER TAKES THE STAND IN OWN DEFENSE

Will Rest as Soon as the State is Through With the Prisoner.

[Special to The Sentinel.]

Auburn, Ind., Sept. 20.—Herman Miller, charged with the murder of Marshal Columbus Croy at Woodburn on June 7, 1907, and who has once been convicted of the crime and sentenced to life imprisonment, took the witness stand in his own behalf today and will probably be through with his testimony tomorrow afternoon when the defense will rest if the present program is carried out.

He is as cool and collected this time as he was at the first trial when he gave his testimony in a convincing manner and told his story of his whereabouts the night of the crime, insisting, in corroboration of his wife and stepdaughter that he was at home and in bed at the time.

He denied that enmity existed between him and the man who succeeded him as town marshal and explained that he knew what tools were used in the robbery of the Faulkner saloon in common with other people and that he never participated in any of the other robberies charged to his account by Fred LaDuke.

His direct examination was completed during the afternoon and as the state will cross examine him at great length it is predicted that most of tomorrow forenoon will be consumed. Then will follow the rebuttal evidence.

John Stout finished this morning and told nothing except what he has repeated three times before when he gave his evidence in the first Miller trial, in his own hearing and at the time John Baker was convicted at Huntington.

Judge Best has announced that he will not limit the arguments in the case but it is highly probable that some agreement will be reached among the lawyers and that the case will be closed by the end of the week.

RAIN MARS DAY OF REUNION FOR THE VETERANS

Atlantic City Does Not Do Gracious Act for the Grand Army.

Atlantic City, N. J., Sept. 20.—An early morning rain put a damper on the enthusasm of those attending the forty-fourth national encampment of the Grand Army of the Republic. The wind was from the northeast, which did not give much promise of an early let up, but it is hoped the sky will clear for tomorrow's big parade, the spectacular feature of every encampment.

Several of the organizations allied with the Grand Army opened their sessions today and others continued committee work preliminary to the formal opening of the business sessions. The national council held its meeting at the headquarters on the Ocean pier and the national council of the Ladies of the G. A. R. held its initial session at Haddon hall. The national council of the Woman's Relief corps also went into session.

Sons of Veterans Meet.

On the steel pier, toward the upper end of the board walk, the annual encampment of the Sons of Veterans was opened at 10 a. m. Tonight the semi-official session and greeting of the parent organization will be held on the pier at the foot of Arkansas avenue.

The contest for next commander-in-chief between John E. Gilman, of Boston, and John McElroy, of Washington, D. C., is getting warmer.

Among the cities which want the next national encampment are Rochester, N. Y., Los Angeles, Denver and Chattanooga. Portland, Ore., wants it in 1912.

The rain stopped before noon and the afternoon is clear and pleasant.

Indications this afternoon that Col. John E. Gilman, of Boston, will be elected commander. The New York delegation it is said has agreed to support the New England candidate in return for a pledge of votes for Rochester as next year's encampment site.

TAILOR WITH BILL FOR TOGS WORN TO WED IN

Bob Chanler is Sued in New York Court for Big Sum Due Clothier.

New York, Sept. 20.—Notice of service by substitution in the suit brought by William S. Barnes, a tailor, to recover $987 he claims Robert Winthrop Chanler owes him for wearing apparel, including the suit in which Mr. Chanler led Lina Cavalelri, the singer, to the altar, was filed with the clerk of the city court today. Barnes began his action against Chanler a week ago, obtaining leave to serve the defendant by substitution. The notice of the suit was tacked on the door of Chanler's apartments the next day.

Filing of the notice today means that Chanler will have six days in which to answer the complaint. If he fails to put in a defense then the tailor will get judgment by default. The next step would be an application for the appointment of a receiver for Chanler.

It is in connection with this application that the validity of the famous Chanler-Cavalelri pre-nuptial agreement will be tested. If the court names a receiver to take charge of Chanler's possessions it will, it is said in legal circles, amount to practically a decision that the singer has no legal claim on the goods and chattels the bridegroom bestowed upon her.

POPE'S LEGATE HAS HONOR SHOWN IN ST. PAUL

Cardinal Vannutelli is a Guest of Archbishop Ireland.

St. Paul, Sept. 20.—Cardinal Vincenzo Vannutelli, representative of Pope Pius X. at the Eucharistic congress, recently held in Motreal, arrived in St. Paul today, accompanied by his suite, for a visit to Archbishop Ireland.

Cardinal Vannutelli will remain in St. Paul until tomorrow evening, when he will leave for Omaha. In the meantime a program of entertainment has been prepared which will include a banquet tonight at the St. Paul hotel, at which three hundred invited guests are expected. After the banquet a public reception will be given the cardinal at the auditorium.

Tomorrow, besides visiting the various Catholic institutions in St. Paul, the cardinal will be entertained at luncheon at the residence of Mr. and Mrs. James J. Hill. Following the luncheon the cardinal will visit Minneapolis and at night a dinner will be given at Archbishop Ireland's residence, attended by all of the bishops of the archdiocese.

ENTIRE THIRTEEN DOWN FROM CLOUD

Last of Balloons in Big Tournament Reaches the Earth.

PITTSBURG REGION A FAVORITE SPOT

Winners Are Not Yet Figured—The Last Ones to Descend.

Indianapolis, Ind., Sept. 20.—The last of the thirteen balloons which started in the American championship and free-for-all races at the Indianapolis motor speed way last Saturday afternoon has landed and the greatest balloon meet in history is ended.

The Miss Sophia, William T. Assman, of St. Louis, pilot, came down at 6:10 p. m. Sunday in the mountains of Calhoun county, West Virginia, miles from any railroad or telegraph office and his landing was not reported until today.

The other two balloons which were not reported down until today are: The Buckeye, J. H. Wade, of Cleveland, pilot, at Showalter, Va., at 7:30 a. m. Monday, and the New York, Clifford B. Harmon, of New York, pilot, which landed at Portsmouth, Ohio, at 5 p. m. Sunday.

Winners Not Yet Known.

As both endurance and distance are taken into consideration in deciding the three winners of the championship event, the three to represent America in the international meet to be held in St. Louis October 17 next, the victors will not be known until the Aero Club of America passes on the reports of the pilots. It is probable, however, that the America II and the Buckeye will be two of the balloons to start from St. Louis. For elapsed time of flight, the America II leads with approximately 45 hours and 27 minutes or almost three hours behind the American endurance record of 48 hours and 26 minutes. The Buckeye's time is estimated at 37 hours and 38 minutes. The third balloon to represent America probably will be the Miss Sophia, as her distance is estimated at more than that of any other entrant. Her time of flight is approximately 25 hours and nine minutes.

Indiana II is Near Winner.

Her nearest competitor for the honor is the Indiana II, Carl G. Fisher, Indianapolis, pilot, which landed near Indiana, Pa., after a flight lasting approximately 24 hours and five minutes. The Drifter was declared the winner of the free-for-all event before the race began, by A. B. Lambert, the official starter, on the ground that the other three entrants were not ready to ascend on schedule time. The University City, Captain John Berry, of St. Louis, pilot, which landed near McKeesport, Pa., at 3:30 o'clock a. m. Monday, however shows a greater distance and more time in the air than the declared winner.

HAD STRANGE EXPERIENCES.

New York, Sept. 20.—Allan P. Hawley and Augustus Post, of the balloon America II, which landed at Warrenton, Va., yesterday afternoon and is considered one of the winners, had strange experiences, which Mr. Hawley related here today.

"The government should take steps at once to protect balloonists who are likely to be killed at any time by ignorant or vicious countrymen who persist in firing at them as they fly above farms," said Mr. Hawley.

"While we were passing above Noble county, Ohio, Sunday evening I distinctly heard two bullets whistle past my ears and there were several reports. It was so serious that we actually decided that in the event of one of us being struck by a bullet the other should instantly descend. When we landed at Warrenton we could have kept in the air some hours longer and only came to earth for fear of being blown into Chesapeak Bay."

"I have never made a voyage in which so many adverse conditions were encountered," said Captain T. S. Baldwin, who was in the basket of the balloon New York, when he arrived here today. We encountered hot sun, cold winds, thunder, lightning and rain in rapid succession. It kept us guessing to manage the ballast under these conditions and when we dropped on Sunday evening at 5 o'clock near Portsmouth, Ohio, we had used it all but a few pounds.

"On Saturday night we were enveloped in violent rains and were generally wet and uncomfortble. About noon Sunday we encountered one of the worst thunder storms I have ever met with in the upper air. Only by soaring above it at a height of three and a half miles did we avert the danger of being struck by lightning. It was a magnificent spectacle as we were carried above it. At 4 o'clock Sunday afternoon we found ourselves with hardly a pound of ballast left and began to look about for a good place to drop. We found such a spot on a hillside near Portsmouth, Ohio."

NOTABLE GATHERING AT THE BANQUET TABLE

Associated Press Meeting in Indianapolis to Be a Big Affair.

Indianapolis, Ind., Sept. 20.—The arrangements for the banquet of the Indiana members of the Associated Press in honor of Mr. Melville E. Stone, general manager, to be held in the Claypool hotel, in this city, Thursday evening, September 22, are complete. The speakers at the banquet comprise Indiana's leading citizens and besides these men prominent in the financial, educational and political life of the state will be present.

Mr. Stone, accompanied by Colonel Charles S. Diehl, assistant general manager, and H. L. Beach, superintendent of the central district, will arrive in Indianapolis early Thursday morning from Chicago and will attend the business meeting of the editors at 1 p. m., in the Claypool hotel. At the conclusion of the meeting an automobile ride will be taken about the city.

It is expected that every Associated Press paper in the state will have a representative and many will be accompanied by a number of guests at the banquet. The banquet will start at 7 o'clock. A. J. Moynihan, of the Fort Wayne Journal-Gazette, will be toastmaster and the following will respond to toasts: Charles W. Fairbanks, "The Press Abroad;" Thomas R. Marshall, "The Hoosier State;" Fred A. Miller, "The A. P. in Indiana;" Albert J. Beveridge, "The Press and the People;" B. F. Shively, "Signs of the Times;" W. T. Durbin, "Business and Politics;" John W. Kern, "The Bar and the Press;" William L. Bryan, "Education and Journalism;" Melville E. Stone, "The Associated Press."

MEN REUNITING SAW TWENTY-EIGHT BATTLES

Hundredth Indiana Infantry Lost Eight Hundred Men in the War.

The Hundredth Indiana Volunteer infantry, which is holding its annual reunion in the assembly room of the court house today, played a more than notable part in the civil war.

Its record includes service in twenty-eight engagements, many of which were among the most prominent of the four years. It was mustered from the territory which now comprises the Twelfth district of Indiana, with 1,286 men, and when the war was over it comprised about 408 men, the remainder having lost their lives in the service.

The Hundredth took part in the battles of Vicksburg, Jackson, Missionary Ridge and also participated in Sherman's famous march to the sea and also the excursion through the Carolinas. Another important role played by the men of the Hundredth was that of the leaders in the grand review at Washington, D. C., before President Lincoln and other government officials on May 5th, 1865.

Surviving now of the men who first enlisted in the regiment are but two hundred men. And their ranks are rapidly dwindling. At the campfire meeting which is to be held this evening, some tribute will be paid to every one of the comrades who has departed from thie world during the past year. The campfire is probably the most interesting feature of the day's program, for the comrades of the days gone by take infinite pleasure in recalling those times.

The business session for the roll call and the election of new officers was called shortly before 3 o'clock this afternoon.

BANK DEPOSIT GAIN 92 PER CENT IN FIVE YEARS

Fort Wayne Has Outstripped Indianapolis in Its Showing.

In its percentage of growth in bank deposits during the past five years, Fort Wayne has far outstripped Indianapolis, showing a gain of near 92 per cent., as against about 24 per cent. for the state capital.

The tabulation, which has just been made by President S. M. Foster, of the German-American bank, includes the combined deposits of all the national banks in the two cities. The growth in the Fort Wayne total in this period has been $1,545,086, or about 92 per cent. In the same time Indianapolis deposits have increased $7,725,740, or about 24 per cent, above its previous showing. It is believed that almost as great a percentage of increase will be shown by the trust companies in East W—

TAFT TO BE GUEST OF CINCINNATI FOR A DAY

President to Make a Brief Visit to Ohio Valley Exposition.

Cincinnati, Sept. 20.—No extensive program of entertainment has been arranged for President Taft during his visit to this, his home city. His visit is said to be merely for the purpose of visiting the Ohio Valley exposition and to attend to some private business. The official program of the president covers only one day—tomorrow. No schedule for the rest of his stay has been provided by the local committee on entertainment.

Immediately on his arrival this afternoon the president will be driven to the home of his brother, Charles P. Taft. The latter is in Europe with his family, but his home will be thrown open for the accommodation of the president.

Will See Exposition.

At 11 a. m. tomorrow President Taft will be escorted to the Ohio Valley exposition. After inspecting the various exhibits the president will be the guest of honor at an informal luncheon on the exposition grounds tendered by the exposition commissioners. Following the luncheon the president will deliver an address before the Ohio Valley improvement association, which is to go into session at Music Hall tomorrow. This probably will be the only speech the president will deliver during his visit.

Dinner and the Opera.

At 6 o'clock tomorrow night President Taft will attend a dinner at the Business Men's club. Later in the evening he will again be escorted to Music Hall to hear the opera "Paoletta."

So far no arrangements have been made for any functions for the president on Thursday or Friday. It is not definitely known when he will leave for Washington. He may leave Friday afternoon or Saturday morning.

SEEKS REMOVAL OF POLICE HEAD OF GOTHAM

Acting Mayor Mitchell in Charges Says Baker is Gambler's Friend.

New York, Sept. 20.—Acting Mayor Mitchell has recommended to Mayor Gaynor that Police Commissioner Baker be removed on the ground of unfitness in permitting gambling to flourish in the city. Mr. Mitchell said that Commissioner Baker in a letter to him had shown insubordination. The acting head of the local government says that Mayor Gaynor has identical views with him in Commissioner Baker's case.

"I saw Mayor Gaynor at St. James last night and laid before him the entire police situation, including Commissioner Baker's letter to me on Sept. 17," said Mr. Mitchell. "The mayor requested me not to make this letter public and to leave the police matter in abeyance until his return, which he promises will take place within a few days."

Mr. Mitchell admitteed he had recommended the dismissal of Commissioner Baker.

Commissioner Baker this afternoon gave out a statement in which he said that he felt in writing the letter to Mr. Mitchell that his recommendations should be accepted as he had been closely associated with Mayor Gaynor in police matters and knew to what extent freedom of action would be granted him were Mayor Gaynor occupying the executive chair. His letter to the acting mayor contained "nothing but a straightforward statement" of his attitude, he said, and there was no intention on his part "to criticize or impugn the action of the acting mayor."

Damage estimated at from $200 to $250 resulted from fire in an automobile on West Main street near the Spongerbund building at 11 o'clock today. The car, a Warren-Detroit machine, is owned by O. C. Warner, a farmer residing eight miles south of this city. It had been standing on the street for some time when the fire was discovered and the gasoline was blazing furiously. The fire department extinguished the flames by the use of the chemical engine. Mr. Warner says he is unable to explain the cause of the fire.

With everything in place, the stables full of high class race and exhibition stock, all of the buildings taxed to their capacity and under weather conditions that would have been selected by the directors if the selection had been left to them, the Great Fort Wayne fair opened its gates this morning upon an exhibition that promised to make good all of the assurances given by the promoters.

A card of features has been arranged for tomorrow which is booked as one of the best of the entire five days of the fair as the race card and other attractions have been arranged so that some of the best harness events of the week will be run off.

Owners and drivers say that the track is in better shape for racing than it has been for five years and they predict that the time made during the four days of harness racing will be better than at any time within the history of the present fair association which has given some high class racing events.

Primping for Show.

This morning the live stock was really primping for the big show. Breeders recognize the importance of attractive live stock and all of the cattle, horses, sheep, hogs and other stock were really being primped for the big parade scheduled for 1 o'clock.

Cattle were bathed and scrubbed, gay ribbons were fastened to their halters, horses were harnessed with bright trappings and even the lowly pig presented himself with a knot of ribbon in his curled tail. The office staff was busy with the work of getting the fair into smooth running order and the crowds were coming in at the gates giving promise that attendance figures for the first day would be as good as they have been at any of the fairs of recent years.

Shows and Stands Busy.

Shows and stands were doing a good business for the opening day and the pike was a lively scene from the time the crowd began to arrive. Most of the attractions are of sufficient merit to amuse and interest the fair patrons and the effort to select the best has apparently borne good fruit.

No fair is complete without a balloon ascension and this is down on the card of each day. Preparations for an ascent were begun early this morning and the men secured to give the exhibition promised to be prepared in ample time to give the audience a thriller.

In addition to the balloon ascension Hoagland brothers are down for a series of chariot races that will relieve the waits between the heats of the races.

Band Concerts Every Day.

The first of a series of band concerts that will be given every day was put on this afternoon and the scheme of reserving seats in the grandstand proved successful. While the first day did not draw a great throng the directors were prepared for this and are sure that with good weather for the remainder of the week the best attendance record will be broken.

JUDGE WOOD WANTS GOOD JURORS IN THE BOX

Professionals Got a Hard Jolt—News of the Courts.

In the superior court today Judge Sol A. Wood, who is presiding in the absence of Judge O. N. Heaton, ordered BaBliff Joe Brennan to go out on the street to secure jurors for the trial of the case in which Patrick Farnan is seeking damages for falling into a cellar dug for the erection of the building at Wayne and Harrison street, occupied jointly by the Fort Wayne Drug company and the C. T. Pigeon Millinery company.

Professional jurors were there in plenty and they hung about the corridors and sat in the court room, but the bailiff was forced to pass them up as Judge Wood believes that men who seek places on juries are not fit to try cases and he gave the professionals an awful jolt in his efforts to purge the system of one of its greatest evils.

Farnan was in a local hospital for a great many months and could not hear or speak and is now at the state institution for feeble minded youth. The action is directed against the two companies and Hagerman and Busching, the contractors.

Compromise Made.

Under a judgement entered in the circuit court today Dr. H. O. Wells paid $400 to the parents of Bernard Willig, a lad he ran down with his automobile on Court street a short time ago. There was no court action other than entering the order as the settlement was made outside. Somers and Kennerk represented the lad.

Two Divorce Suits Filed.

Gada Josse has filed suit in the superior court against John E. Josse, to whom she was married in April, 1905. She charges that he is an habitual drunkard and that he has beaten, struck and slapped her. She wants the custody of an adopted son, $300 alimony and $5 a month for the support of the child. Emrick & Emrick filed the suit.

Amanda McSweeney wants a divorce from George McSweeney. She charges that he has been unfaithful to his marriage vows and has beaten, choked and struck her. She says he shot at her in 1906 and that in April, 1909, she left him and does not know where he is now.

SLIGHT CHANGE COMING.

New Wabash Valley Interurban Schedule October 2.

Frank I. Hardy, superintendent of transportation of the Fort Wayne and Wabash Valley Traction company, is at work on a new time card for the interurban system, which will become effective October 2. But two changes are made involving cars out of Fort Wayne. The limited to Lafayette, now leaving this city at 3:30 o'clock p. m., will be annulled, and one of the evening cars, now leaving this city at 7:30 o'clock, will depart at 8, running only to Huntington instead of to Logansport as at present.

MINERS RETURN TO WORK.

Kansas City, Mo., Sept. 21.—Thirty thousand coal miners of Missouri, Kansas, Arkansas and Oklahoma, who have been on a strike for five months returned to work today, all the mines in the southwest having resumed operations. The contract under which the miners returned to work will not expire for two years.

NEW TORPEDO STATION.

Seattle, Wash., Sept. 20.—The United States government has purchased sixty acres of land at Keyport on Liberty Bay, Kitsap county and is taking steps to acquire forty acres more as the site of a torpedo station on the pattern of the one at Newport, R. I. The land is about fifteen miles from the Puget Sound navy yard.

A SEVERE CASE OF NEURALGIA CURED

The Treatment Which This Cleveland Woman Used with Such Success Is Available for Every Sufferer.

Many who are now tortured with neuralgia will read with interest the following statement of Mrs. W. L. Squire of No. 1854 East 19th Street, Cleveland, Ohio. Mrs. Squire was cured by Dr. Williams' Pink Pills and has since enjoyed excellent health. She says:

"I was taken with what the doctors called facial neuritis, or neuralgia of the nerves of the face and suffered the most intense pain. They said my trouble was caused by overwork and worry but their treatment did not help me, nor even relieve the pain. Finally I was taken to the hospital and underwent an operation for the removal of the affected nerves. For a time after the operation I was better and then the old trouble returned with a vengeance. What I suffered cannot be told or written. My doctor advised me to submit to another operation but the thought of it was terrible to me. About this time I read an advertisement of Dr. Williams' Pink Pills and decided to try them. The result was that after taking a few boxes I found myself greatly benefited, so much so that I decided to forego the operation for a time at least. I can say now that I find myself entirely cured and am in better health than I have enjoyed for the last fifteen or sixteen years. I am very grateful to Dr. Williams' Pink Pills for my recovery and have recommended them to many people. I am a living testimonial of the worth of the medicine."

The tonic treatment with Dr. Williams' Pink Pills succeeds where other treatments fail because it is based on the sound medical principle that the health of the nerves depends on pure, red blood.

Every person who is interested in the home treatment of nervous disorders should send for the new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." The booklet describes symptoms and gives much useful information. Address the Dr. Williams Medicine Co., Schenectady, N. Y.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

FORMER FORT WAYNE FOLK IN GREAT REUNION

Third Annual Gathering at Los Angeles Held at Hollenbeck Park.

[Special to The Sentinel.]

Los Angeles, Cal., Sept. 20.—Under typical California sunny skies, the third annual reunion of former residents of Fort Wayne now living in Los Angeles and vicinity was held at Hollenbeck park a few days ago. It attracted a very large attendance of those who came from Fort Wayne to locate in the west, as well as a number of Fort Wayne people who are sojourning here temporarily, all of whom are still bound to the old Indiana home by warm ties and fond memories.

Dr. W. W. Mungen, who has been president of the society for the past year, presided at the reunion session, with Miss Leta Rich as secretary. The opening address was delivered by Rev. J. N. Field, former pastor of the First Baptist church in Fort Wyne, and others who spoke were S. A. Burrowes, E. A. K. Hackett, A. J. You, Mr. Whitehead and Mrs. Ida Bush.

OBITUARY

(Lancaster, O., Press.)

Mrs. Mary Ann Hufford Wilbert was born April 3, 1838, and departed this life August 26, 1910, aged 72 years, 4 months and 23 days. She was united in holy matrimony on January 18, 1855, by Rev. Philip Swartz, to Jacob Wilbert. They were married over fifty-five years, had passed the golden wedding mark, which was celebrated by the children.

Nine children was born to this union, three of which have preceded her to the spirit world. In 1858 she was baptised in the Hocking river, near Rockbridge, and joined the Dunkard church, and in 1865 she joined the M. E. church at Carroll, O.

She was a devoted and faithful worker until, because of affliction, she was deprived of the privilege of attending church. For ten years she was a teacher of the infant class at Sunday school. She had an average attendance of 30 or 35 pupils, and at one revival service 30 of these were converted and joined the church.

She was a faithful wife, a devoted mother and a silent sufferer, never murmuring or complaining, even in her worst affliction. She was kind hearted and always ready to help the needy and suffering. She leaves to her children and loved ones the memory of a sweet, devoted and beautiful Christian life. At harvest time, at the dinner table, she never forgot to say on Thursday this is prayer meeting evening. Quit work a little early, so that you can go to prayer meeting. She leaves to mourn a husband, six children, fifteen grandchildren, three great grandchildren and a host of other relatives and friends. Funeral services were held at the Carroll U. B. church, conducted by Rev. R. A. Hitt, assisted by Revs. Pitesmire, Seaman and Hughes. Interment in the beautiful cemetery southwest of Carroll.

The deceased was the mother of Engineer David H. Wilbert, of Fort Wayne.

THE NEWS OF FORT WAYNE'S NEIGHBORS

HALF SISTER GETS BIG CURRY ESTATE

Death of Frank Curry in Fort Wayne Gives Ohio Woman Inheritance of $60,000.

Bluffton, Ind., Sept. 20.—Frank Curry, of this city, who met his death last Friday night at Fort Wayne, having been found in a dying condition along the railroad tracks in that city, evidently having been struck by a train, leaves an estate valued at nearly $75,000, the greater part of which, about $60,000, will go to Mrs. John Isenhart, of Fort Recovery, O., a half sister, and $5,000 each to Mrs. Mary Wiecking and Mrs. Ph. Rogers, both of this city.

Frank Curry was the son of Amos Curry, deceased, a wealthy man, and he was the only child. The elder Curry died in 1884 and his wife died some years afterward. Frank was married twice, but had been divorced from both his wives and he had no children.

By the terms of the will of his father, Amos Curry, made April 28, 1884, it was provided that upon the death of Frank Curry, providing he left no wife or children as heirs, $10,000 of his property was to be divided equally between his niece, Mrs. Mary Wiecking, wife of Ernst Wiecking, of this city, and Phile Rogers, deceased, or his heirs.

This means $5,000 will go to Mrs. Wiecking and $5,000 to Mrs. Rogers and children. Mr. Rogers, who as a boy was raised by Amos Curry, died four years ago. Mrs. Wiecking, the niece, as a girl made her home for a number of years with Mr. and Mrs. Amos Curry, and by a former bequest he left her 140 acres and $600 cash. Mr. Rogers also received some property earlier from Mr. Curry.

The will provided further that the residue of the estate, after paying the $10,000, should go to a relative, Mrs. Elmira Isenhart, wife of John Isenhart, of Fort Recovery, Ohio.

When Amos Curry died his will provided for his wife for her lifetime and the bulk of his property was given in trust for his son, Frank, to be held by David Studabaker, of Decatur, and E. R. Wilson, of this city, as trustees, until Frank Curry became 40 years of age. At his own death Frank was 58.

The Curry monument in Fairview, second tallest in Wells county, was purchased at a cost of $1,800, ordered so spent out of a $5,000 insurance policy.

ROB "POOR BOX" IN CATHOLIC CHURCH

Thieves Enter the Sanctuary and Pried Open the Lid—$10 Was Amount Taken.

Decatur, Ind., Sept. 20.—The collection box in the St. Mary's Catholic church ofthis city was robbed some time Saturday night and something like $10 was taken by the thieves. The box from which the money was taken is commonly known as "the poor box," containing the charity collections in which are placed the contributions for the support of the poor. It is a steel receptacle and access to it was effected by prying open the lid with a chisel or some other tool, and in doing so the lock was badly twisted and lid battered, the screws having been taken out.

Something peculiar about the robbery is that the thieves left five silver dollars and eighty cents in small change inthe box. As yet the guilty parties have not been apprehended. It is thought to have been the act of boys, although there is now no clue.

HAD HIS LEG CUT OFF.

Was Endeavoring to Board a Moving Passenger Train.

Lagrango, Ind., Sept. 20.—John Koder, a well known Kendallville carpenter, is in a hospital in Laporte with his left leg cut off between the ankle and the knee, the result of falling under the wheels of a moving Lake Shore passenger train which he tried to board at Laporte Saturday night.

Koder had been working at his trade in Laporte this summer and Saturday night after being sick and unable to work for a couple of weeks decided to go home. He went to the Lake Shore depot to take the 7 o'clock train, but when he arrived there the train was just pulling out and he had to run to catch it.

He carried a suit case in one hand but as he tried to board the moving train the conductor on the step warded him off, but he was evidently determined to get on and he made another attempt to get on the next step. As he did so the suit case interfered with his efforts and being unable to swing himself on, he dropped to the ground, and before he could check himself, he rolled under the train, with his left leg across the rail and it was crushed under the wheels.

WED AT COLUMBIA CITY.

Young Married People Will Reside in Oklahoma.

Columbia City, Ind., Sept. 20.—Monday afternoon at three o'clock at the home of Rev. L. L. Shaffer, on South Chauncey street, occurred the wedding of Miss Mary Effie Suit to Harley V. B. Snell. The ceremony was attended by only the respective parents of the contracting parties. The bride is a daughter of Mr. and Mrs. Henry Suit, who resides in Cleveland township, and the groom is the youngest son of J. L. Snell, of Sidney, Kosciusko county, he at present being engaged as a traveling man. The young people will leave the latter part of the week for Oklahoma, where they will make their future home, he expecting to engage in the farming business.

DOGS KILLED SHEEP.

Quite a Large Number Killed Around Wabash.

Wabash, Ind., Sept. 20.—Dogs in the vicinity of Wabash are still getting in their work killing sheep. Quite a large number have been reported to Trustee Hubbard during the past fortnight and still more seem to be coming in.

E. H. Blake, residing on the Mount pike, north of the city, was the last to report. He reports a loss of four sheep killed and five maimed the latter part of last week. Three dogs have been killed and probably the ravages on the flocks may now cease. Canines from the city are known to go out several miles and attack flocks.

ANDREWS MAN DEAD

As Result of Stroke of Paralysis Suffered Five Weeks Ago.

Andrews, Ind., Sept. 20.—James Slagel, proprietor of the Andrews feed store, a young man, died Sunday evening as the result of a stroke of paralysis suffered five weeks ago. His condition just after the stroke was critical, but of late he had been improving and the turn for the worse did not come until two or three days ago. Hopes had been entertained for his recovery. Mr. Slagel was about twenty years old and was a son of Joseph Slagel, of near Lancaster.

PASTORS AT WARSAW

Warsaw, Ind., Sept. 20.—The Warsaw Ministerial association held its annual election of officers at a meeting at the Methodist church on Monday forenoon. The result was as follows: President, Rev. J. M. Eakins; vice president, Rev. G. C. Carpenter; secretary and treasurer, Rev. D. F. Thomas. It was decided to hold meetings every two weeks during the coming year. Sunday, Sept. 25, was selected for the date for Anti-Saloon League field day.

HAVE BEEN FINDING MONEY.

Buried Near Tree on Farm in Whitley County.

Columbia City, Ind., Sept. 20.—The children and different members of the Raymond Coyle family, of Troy township, have been finding silver money of various denominations for the past few days near where a tree was fallen and uprooted. The people are from $12 to $15 ahead by the find. It is supposed some person buried the good cash, and departed from the country or lost his marking post.

PLEAS OF GUILTY BY HORSE THIEVES

Petition Filed Asking Judge for Suspension of Prison Sentences Imposed.

Decatur, Ind., Sept. 20.—John Durbin and Ben Lett, the two young horse thieves arrested in Fort Wayne during the summer for having stolen a team of horses from an Amishman named Schwartz, in this county, appeared in the circuit court yesterday and entered pleas of guilty. The judge fined them $100 each, disfranchised them for one year and sentenced them to the Jeffersonville reformatory for a term of from one to fourteen years. Immediately a petition was filed, signed by a number of men who knew the boys, asking that the sentence be suspended and this matter was taken under advisement by the court, the boys being taken back to jail. The court will announce his decision within a few days.

The crime was committed the 15th of July last. The boys took the team to Fort Wayne and sold them to a farmer named Jacob Yaker, of near Waterloo, for $285. The horses were recovered and returned to Mr. Schwartz. The boys were arrested the following Sunday morning by Deputy Sheriff Ed Green and Night Policeman Meichi and $261 was found in their possession. They waived preliminary examination and were bound over to court. Durbin formerly worked for Frank Teeple on the dray line here. He is the son of a prominent farmer of south of the city, while Lett is the son of a well known farmer of near Bobo.

RAID ON DRINK PARLORS.

Auburn Women Thought Intoxicants Were Being Sold.

Auburn, Ind., Sept. 20.—Not satisfied with the result of the raid made sometime ago on the Leas soft drink parlor and pool room, eight W. C. T. U. ladies filed an affidavit with Mayor Culbertson Saturday night declaring they believed that intoxicating liquors were being sold at the Leas place on West Seventh street and at the Derrow place on East Ninth street, and asking for an order to Marshal Keeran to enter and search the premises.

Mayor Culbertson issued the order and Monday afternoon Marshal Keeran and Night Marshal Kruger made the raid. They were accompanied by E. M. Hilkey, representing the union.

At the Leas place of business nothing of a suspicious character was found except some tables up stairs which satisfied the officers that they were not being used to serve ice cream upon. There were no liquor found, but a few empty whisky bottles were found in the back yard.

At the Derrow place there was nothing bearing the earmarks of intoxication, either, and no tables that caused the officers to wonder.

The eight ladies who signed the affidavit were: Mrs. Mary Ehlers, Mrs. Z. T. Keagy, Miss Ellen Keeran, Miss Laura Shutt, Mrs. Anna Silvers, Mrs. A. M. Oswalt, Mrs. John Leasure, Mrs. Alice Lewis, Mrs. E. M. Hilkey and Mrs. Anna Romaine.

A PIONEER RESIDENT.

Death of Mrs. Elizabeth Potts, of Adams County.

Decatur, Ind., Sept. 20.—The funeral of Mrs. Elizabeth Pitts, one of the pioneer women of this county, whose death occurred Sunday, will be held Wednesday at 10 a. m. from the U. B. church. The deceased was 76 years of age and she had been a resident of this and Allen county, residing near the county line, from her girlhood. Catarrh Sufferers

Good Thing to Know How to Get Instant Relief.

If you now own a Hyomei hard rubber inhaler, Meyer Bros. Co. want you to know that they will sell you a bottle of HYOMEI for only 50 cents.

Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei inhaler.

Meyer Bros. Co will sell it to you at that price and give you the opportunity to begin at once to rid yourself of vile catarrh and the snuffling, hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

They do not stop to think that a diseased condition that is the result of negligence, cannot be overcome in a week.

No matter how chronic your catarrh troubles, HYOMEI is guaranteed by Meyer Bros. Co. to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.

If you own an inhaler get a 50-cent bottle of HYOMEI at Meyer Bros. Co.'s today. If you do not own a Hyomei inhaler, ask for a complete outfit, which consists of an inhaler, a bottle of HYOMEI and simple instructions for use. This complete outfit costs $1.00, but you then have an inhaler that will last a lifetime.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing *only*. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pelvic Diseases CURED

MY MODERN and up-to-date methods effect a certain and speedy cure of CHRONIC, DEEP SEATED, COMPLICATED DISORDERS. My fees are reasonable within reach of all. I confine my practice to NERVOUSNESS, BLOOD AND SKIN DISORDERS, RHEUMATISM, DESPONDENCY and PELVIC DISEASES generally.

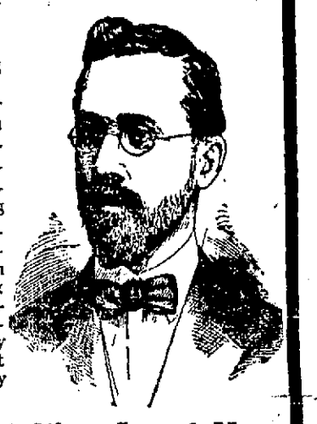
No Physician is Greater Than His Remedies

My Blood making, Blood Purifying, Blood Cell Remedies have won for themselves a place in the hearts of thousands of men who owe their strength to the existence of these remedies. Men recommend my remedies because their merit has become an established factor in their own life. Afflicted sufferers may consult me in confidence.

The Scientific Treatment for the Weak

Men who are on the decline, and there are hundreds of them, who find they have not the Ambition, Vigor and Strength that they well know they should have, owe it to themselves to take prompt steps to relieve a condition which ultimately leads to misery and helplessness. Although you may think your condition is not serious enough to demand the attention of an expert, still so surely as you neglect yourself, the disease, which truly is a disease of Vital Nerves and Forces, becomes more and more complicated every day, every week it remains without attention, until in time it makes its victim a complete Nervous and Vital wreck.

The Many Cured, Satisfied Patients



My Pelvic Methods are your greatest hope for a complete cure if you are afflicted with either BLOOD POISON, SKIN DISEASES, SORES, ULCERS, STRICTURE, VARICOCELE, HYDROCELE, NERVOUS DECLINE, PILES, FISTULA, RUPTURE, or any affection of the Kidneys, Bladder and Prostrate. You are wasting money and endangering your health in treating with ordinary specialists. My system of treatment has an established reliability by permanently curing cases that have been unsuccessfully treated by dozens of other physicians.

Many Will Profit by What Others Say of My Methods.

This advertisement is not published with the intention of encouraging incurables, but on the strength of what my methods have done, I can give hope to those who are actually in reach of the methods of a proven specialist. Remember, I do not claim to never fail in a cure, for my methods may sometimes fail to give satisfaction in severe cases, and this is why I advertise to refund money if unsuccessful. I do not believe a man should pay for something unless he gets it, and my success has been such that I can well afford to treat for nothing those that do not receive that which is worth something. Every afflicted man is welcome to visit my office and undergo an examination. If you are not one of the incurable unfortunates who would be refused treatment and contract for a cure, you will stand the same chance as those healthy happy men who were afflicted as you are.

Methods of Scientific Exactness

The methods of treatment I employ are entirely different from those of any other specialist, so beware of any one who may tell you he is able to give you the same treatment that is administered by me. This treatment I administer in all conditions of Failing Vitality, Nervo-Vital Decline, is so effective that in a short time after the course is begun the patient sees and feels the disease is being conquered. The vital system is to a man what water is to a plant; without its function he finds a lack of energy, ambition and failing memory. I would like to have every man who reads this announcement, who feels and knows that his vigor is not what it should be, to come to my office and INVESTIGATE what remarkable and quick, permanent results I have accomplished for patients who have heretofore almost lost hope.

My records substantiate my claim that nine-tenths of my patients are people who had been unsuccessfully treated time and time again without permanent benefits. I want nothing to do with unreasonably skeptical suffering men who are too ignorant to accept facts for facts; who believe there is NO CURE FOR THEM because they have once, twice or a dozen times been deceived in taking treatments. But I heartily desire to secure the confidence of those who are willing to make one more attempt, especially men who are contemplating their first treatment with a specialist, and I offer unmistakable evidence that my methods are all that is claimed for them—effective and superior to others.

Hours—9 to 12; 1 to 5; evenings, 7 to 8; Sundays, 9 to 12 only.

No where is accuracy more essential than in the treatment of Pelvic Diseases. The difference between a complete cure and an absolute failure is often the difference between accuracy and guess work. First there must be accurate knowledge as to the nature of the ailment to be treated. Accurate knowledge makes accurate diagnosis possible, thus revealing all the requirements for accurate treatment, and complete satisfaction. I have nearly fifteen years of experience in this work.

Mrs. John T. Knott, a former resident of this city who is about to leave for Texas to spend the winter on a ranch Mr. Knott has recently purchased, was the guest today for whom her sister, Mrs. Herman Kucher gave a thimble party this morning, followed by a luncheon at noon. An extremely pretty bridge party was given last evening by Mr. and Mrs. Frank L. Smock in honor of Miss Flora Peters and Philip Bursley, whose nuptials will be a quiet event of tomorrow. The guests were family relatives of Miss Peters together with Mr. Bursley's brother and his wife, Mr. and Mrs. Joseph A. Bursley, of Ann Arbor, Mich. At supper, after the bridge game, Mrs. Smock seated the company at one table in the dining-room. The decorations were artistic. Graceful festooning of tulle extended from the chandelier to the center of the table where it ended in a lovers' knot on a crystal basket of bride roses and their own foliage. At each plate was a small crystal basket of white rosebuds and the handles of the baskets were tied with tulle bows. The place cards were unusual in design and made lovely souvenirs of the party. Covers were laid for fourteen.

Miss Anna Danehy, of East Suttenfield street, gave a dinner party last evening in honor of her cousin, Miss Mary Danehy, whose marriage to James Conroy, of Texas, will take place next week. The table was beautifully decorated in green and white with smilax and flowers from a white rose of Sharon bush. The chair of the honor guest was trimmed with bridal tulle and a bouquet of the flowers. Flowers also decorated the room and flowers and smilax wreathed the chandelier. Dinner was served at 7 o'clock to the following guests: Miss Mary Danehy, Mr. and Mrs. Joseph Zurbuch, Mr. and Mrs. S. Gocke, Miss Loretta Conroy, Miss Teresa Danehy, Arthur Mills and Mr. Ward, of Texas, who will be best man at the wedding. This was one of several lovely little parties to be given in honor of Miss Danehy. This evening Miss Rosella Langard will give a "shower" party in honor of the coming bride.

Miss Harriet Deam, of First street, was the hostess last evening for a pretty pre-nuptial party in honor of Miss Marcella App. The guests, who were young ladies, particular friends of Miss App, presented her with gifts of china. At supper Miss Deam had contrived to shower the honor guest with toy cupids instead of flowers and as Miss App seated herself, the small signs of a bride-to-be fell upon her, delighting those who looked on as well as the recipient of the favors. The table was tastefully trimmed in white with asters and the sweet clematis vine. There were covers for fourteen.

The bride was attended by two bridesmaids, Miss Hulda Brulck and Miss Sophie Goeglein, and there were two groomsmen in the bridal party, Messrs. Walter Doeffler and Fred Koester. The bride looked very sweet and pretty in a beautiful gown of white French lawn made with val lace and insertion. The bride wore a veil of tulle and carried a bouquet of bride roses. The bridesmaids were dressed in white embroidery gowns and they carried pink carnations. After the wedding service the bridal party and guests to the number of ninety were entertained at the home of the bride's parents. A wedding supper both bountiful and delicious was served. The house and supper tables were prettily trimmed with smilax and flowers. Music was furnished during the evening and the company spent a delightful time. The bride and groom will live in St. Louis, Mo., where Mr. Doerffler has work.

AUSTRALIAN OPOSSUM SET

A new fur which came into vogue last year and promises to be a favorite this winter is Australian opossum. The illustrated set shows to advantage the beauty of the pelt when developed in simple design. It is seen at its best when accompanying a dark tailored suit, such as this English mohair with trimmings of velvet, or seal, if in combination with another fur.

BLUE IS FASHIONABLE.

Just at present the woman who desires to wear blue can adopt the one-tone idea and be right on the top notch of fashion, for blue is, without a doubt, the reigning color of the season.

The sudden, certain popularity of blue all over the world of fashion has brought about an almost unprecedented use of blue for all occasions and a wild riot of shades, if anything so calmly satisfactory as blue can contribute to a riot.

Certain it is that those vivid, warm and most royal shades are placed in very close juxtaposition to the greenish sea blues with a daring not dreamed of a few seasons ago; and then, too, their combination with purples and pinks in unprecedented in the past history of fashion.

Most useful is the well known blue serge for traveling and all ordinary wear, and even this has been exalted to a place above its usual standard. Although its finish is still the tailor's best, its accessories are more elegant. Collars are worked with blue embroidery, as are jabots and turned-back cuffs.

IN THE THEATERS

HERE FOR TWO DAYS.

"The Girl from U. S. A." Opens at the Majestic This Afternoon.

"The Girl from U. S. A." opened an engagement of two nights and two matinees at the Majestic theater this afternoon.

It is a musical comedy drama of melodramatic tinge in which a vivacious American girl figures prominently in scenes laid in Paris, Constantinople and China. She and her Chicago husband that is to be strike a merry and strenuous gait in righting the wrongs of a pair of ill-fated Parisian lovers and make the power of the American flag felt in Turkish seraglio and Chinese palace. A talented company of singers and actors, assisted by a beautifully costumed chorus of good singing voices are a most pleasing feature.

HENRY W SAVAGE'S

New Musical Production, "The Wife Tamers."

Henry W. Savage, whose name has become synonymous with success in the theatrical world, has added another to his long string of victories with "The Wife Tamers," his first new musical production of the present season, which will be shown at the Majestic theater next Monday evening, coming direct from Chicago. Oliver Herford and James Clarence Harvey wrote the libretto and Robert Hood Bowers composed the score of "The Wife Tamers," which is interpreted by a typical Savage company, selected with rare managerial discernment, a special augmented orchestra and a chorus of pennant winners, who, according to report, are beautiful both to look at and to listen to.

In the manufacture of "The Wife Tamers" four elementary ingredients were used—girls, laughter, music and good cast of faceurs, among whom are included Lionel Walsh, Mme. Juliette Dika, Lillian Fitzgerald, Wallace McCutcheon, Jr., Florence Reid, Gertrude Bryan, Kathryn Miley, Louise Sylvester, Richard Freeman, Corene Uzzell, Rita Stanwood and Stanley Warner. No mention of the chorus would seem an inexcusable oversight and dreadfully unfair to the fair young girls whose beauty and vocal charms, according to report, contribute largely to the emphatic success of "The Wife Tamers" during the two months' run of the piece in Chicago, whence it is now on its way to New York city.

HANLON'S NEW "SUPERBA"

Opens Engagement Thursday Afternoon.

Absolutely new is the announcement made by the management of Hanlon's new "Superba," to be seen at the Majestic theater Thursday, Friday and Saturday, with daily matinees. The story this year has been drafted in the style of the modern musical comedy with a large number of songs written for this particular production and they will be sung by a large and attractive beauty chorus. In fact it is both a singing and dancing entertainment and while there are tricks and transformation scenes galore there is much that has never been presented before in pantomime and which, accordingly should make "Superba" more popular.

The cast has been completely changed with the exception of Besse Rosa as Roxy, and Pearl Seward as Wallalia. There are also many modernized Hanlon tricks and transformation scenes. Specialties are also offered by Rosaire and Doreto and Robbin and Bess Rosa, and others. The transformation scene deals with patriotism and shows "Old Glory" with a battleship pictured in the scene with ingenious electrical effects. There is also a marvelous conservatory, the human flower vase.

The tour this season is under the direction of Edwin Warner, who has been with the Hanlons for twenty-five years and the stage is under the direction of George Hanlon, Sr.

Buttered Sally Lunn.

Scald one cupful of milk, dissolve in it two tablespoonfuls of butter, one-half of a teaspoonful of salt and one tablespoonful of sugar. When lukewarm, add one-half of a yeastcake dissolved in warm water and sufficient flour to make a thick drop batter. Cover and set aside in a warm place to rise. When light, beat down and pour into a well greased, deep, round pan. Let rise again for fifteen minutes and bake in a hot oven. Take from the pan and set aside until cold. Cream three tablespoonfuls of butter, add two tablespoonfuls of powdered sugar, the yolk of one egg and one tablespoonful of lemon juice, and beat together until light and creamy. With a sharp knife cut the cake into half-inch circular slices. Spread each slice with some of the butter mixture and fit them all together as before. Put the cake on a flat pan and set in a moderate oven until hot through, cut into quarters, but do not separate, and send to the table.

Herring Salad.

Soak three herrings in cold water over night, then rinse several times. Skin, bone and cut in half-inch pieces. Peel two apples and chop finely. Mix with the herring, then add two tablespoonfuls of chopped almonds, one chopped onion, a half cupful of vinegar, a little sugar and pinch of pepper. Mix well, then pour over the herrings, set in icebox until ready to serve. Put sliced lemons on top.

Quality BREAD 10¢

How Hard It Is to Bake Good Bread

How Easy It Is to Buy It

Women who bake know how hard it is to make their bread come out right; they know how often it is not up to standard; they know how frequently it is a complete failure. And they know, even when it comes out right, just how much effort was expended to get those few loaves.

Truly, it is a hard task to bake good bread.

Again, it is altogether a needless task, this baking of bread at home. Just as needless as grinding wheat or spinning.

For it is very easy and inexpensive to buy good bread.

It is just as easy to buy good bread as it is to buy good cloth; and you wouldn't think of spinning and weaving at home.

All you have to know is WHICH bread to buy. Experience will tell you that, just as experience has taught you what cloth to buy.

You have your choice of two good breads, "Perfection" and "Quality." Experience will tell you which you like better.

You can get both at any dealer's, "Perfection" for five cents, or ten cents for a double loaf, and "Quality" for ten cents a large single loaf, double the five cent size.

Children Need This Hair Tonic

You cannot get away from the fact that a child's hair collects more or less foreign matter, and that it is usually neglected.

When the scalp and hair become moistened from perspiration this foreign matter mixes in with the dandruff and soon forms in layers. This will close up the tiny pores of the scalp and rob the roots of the hair of proper nourishment. More than that, bacterial action will result in scalp disease.

NYAL'S HIRSUTONE

should be used once or twice a week for a few weeks, the scalp thoroughly cleansed, dandruff removed and all germ life destroyed.

The general health of the child will be protected by the consistent use of this hair tonic and food.

FINANCING THE CHAPMAN MEETING WILL COST ABOUT $4,500

Preliminary Meeting of Pastors and Laymen at First Presbyterian Church.

It will cost approximately $4,500 to finance the Dr. J. Wilbur Chapman evangelistic meetings which will be held in this city for the three weeks commencing on Thanksgiving day of this year.

And this does not cover the entire amount that will be contributed by the churches and citizens for the conduct of these meetings. It does not include the sum that will be paid to Dr. Chapman for his services, which will be raised by personal subscriptions taken during the closing days of the meetings.

The $4,500 estimated expense includes the rent of the Princess rink, where the general meetings will be held, placed at $1,000, the amount paid to assisting evangelists other than Dr. Chapman, printing and various other expenditures that will be incurred in the conduct of the meetings.

Cascarets—10c box—week's treatment. All druggists. Biggest seller in the world—millions boxes a month.

This was the outlook as far as expense is concerned that presented itself at the meeting of pastors and laymen held Monday evening in the lecture room of the First Presbyterian church when all the phases of the approaching meetings were discussed pretty thoroughly.

Was Well Attended.

The meeting was well attended. Twelve of the churches were represented by pastors and laymen. Some of the pastors of other churches were prevented by good reasons from being present and their congregations were not represented, but they are in hearty accord with the Chapman meetings and will join in them.

The meeting was presided over by Rev. Earle M. Todd, the pastor of the West Jefferson Street Church of Christ, and president of the Ministerial association, with Rev. J. K. Cecil, pastor of the First M. E. church, officiating as secretary.

The first matter to engage the attention of the meeting was the place of holding the principal services, the auditorium in which Dr. Chapman will conduct the services. It had been thought that it might be necessary to erect a special tabernacle some place in the city for this purpose. It was found that the building of such a temporary structure would largely increase the cost of the meetings and, after considerable discussion, the Princess rink was selected.

The Committees.

E. F. Yarnelle was chosen as chairman of the general committee having the evangelistic meetings in charge and Rev. Earle M. Todd as secretary. The other members of this committee consists of the pastor and one layman from each of the churches and as far as chosen they are as follows:

First Baptist Church—Rev. J. F. Vichert and E. W. Lewis.

Grace Reformed—Rev. A. K. Zartman and H. E. Vordermark.

Bethel Evangelical—Rev. C. D. Rarey and C. A. Augsberger.

First Presbyterian—Rev. H. B. Master and E. F. Yarnelle.

West Creighton Avenue Church of Christ—Rev. J. H. McCartney and H. G. Huyler.

Bethany Presbyterian—Rev. C. O. Shirey and Henry Miller.

West Jefferson Street Church of Christ—Rev. E. M. Todd and Ray Woodhill.

First Methodist Episcopal—Rev. J. K. Cecil and O. E. Mohler.

Trinity Methodist Episcopal—Rev. T. M. Hill and F. H. Starkle.

Plymouth Congressional—Rev. A. J. Folsom and B. Paul Mossman.

Christ's Lutheran—Rev. P. J. Albertus and P. A. Doty.

The executive committee consists of the general chairman and secretary and the chairmen of the sub-committees as follows:

Finance committee—S. F. Bowser.
Music—Prof. William Miles.
Publicity—O. E. Mohler.
Invitation—Walter Cook.

The personal committee, which is one of the most important of the lot, will be appointed by a committee of which Rev. Vichert is chairman and members are Rev. H. B. Master, Rev. J. K. Cecil, B. Paul Mossman and E. W. Lewis. The general chairman and secretary have been given the right to make appointments if any vacancies occur by resignation.

How Apportioned.

The expense connected with the holding of the three weeks evangelistic meetings will be apportioned among the different churches, graded by their abilities to pay. They will not be binding, but only suggestive.

Accompanying Dr. Chapman here to participate in the meetings will be other evangelists of national prominence and the singers. These special evangelists will conduct services, probably each evening, in different churches, one in the south part of the city, one in the east side, and one in Bloomingdale. Just what churches will be used for these services has not yet been determined.

Full plans for the meetings are not complete. The executive committee will meet next Monday evening.

Large as will be the expense of holding this series of Chapman meetings it is not thought that the committee will have difficulty in financing them.

THE WALTHER LEAGUES.

Lutheran Societies Met and Formed a City Union.

Members of all the Walther leagues of the city, representatives from each of the Lutheran church, met Monday evening at the Concordia college and formed a city union, the purpose being to push the interests of the church and the league in a more effective manner. President—Theodore Miller, of St. Paul's church.

Vice President—Oscar Bender, of Emmans church.

Secretary—Miss Helen Wehrmuth, of Zion's church.

Treasurer—Christian Ulmer, of Concordia church.

Members of the executive committee include one representative from each of the Lutheran churches.

At the meeting last evening, Prof. F. A. Klein, the national president of the league presided. The executive committee will meet next Monday evening at the church of the Redeemer to draw up a constitution and by-laws for the union.

FATHER OECHTERING

Had Charge of Cornerstone Laying Exercises at Plymouth.

Rev. J. H. Oechtering, the rector of St. Mary's Catholic church in this city, officiated Sunday at the exercises that were held for the laying of the cornerstone for the new church edifice of the St. Michael's congregation at Plymouth, Ind., of which Rev. J. B. Tremmel, formerly of this city, is pastor. Attending and assisting in the ceremonies was also Rev. W. C. Miller, the secretary to Bishop Alerding.

The ceremonies were of a most impressive character and the addresses notable, the principal one being delivered by Very Rev. A. Morrissey, of Notre Dame, who spoke of the purposes of the Catholic church. He said the Catholics stand as a church for true character and the highest type of citizenship. Other addresses were delivered by Mayor Cleveland, of Plymouth, and Attorney McInerny, of South Bend.

The building will cost $17,500, not including the contracts for the glass, heating, wiring and all other interior work. The estimated cost when completed is $30,000.

Another group of exquisite weaves includes BROCHE CREPES, SATIN FRANCAISE AND ARCADIAN CREPES which are particularly beautiful in texture.

With the reign of the narrower skirt assured, bordered goods are in high favor. We are showing these bordered effects in handsome crepes and satin chiffons, with rich Persian effects and floral borders.

The new sheer, silky weaves include beautiful colorings in MARQUISETTES, CHIFFON CLOTHS AND GRENADINES.

For the woman who wishes something handsome in black, we direct attention to our new line of Messaline, Crepes, Soft Satins, Taffeta and Peau de Sole, all of which come in various grades.

CORTRIGHT METAL SHINGLES

They've been made, sold and used in every part of the United States for more than twenty years, and yet no one ever saw an unserviceable roof made of ***Cortright Metal Shingles.*** Houses that abut the sea and are constantly in coniact with the corrosive salt air, have sound ***Cortright Metal Shingle*** roofs that were laid in 1886; houses far south where dews are heavy as rain and the humidity is always high, after 24 years' wear, have perfect ***Cortright Metal Shingle*** roofs, tight as the day they were laid. Out in the alkali country where the air is dry as punk, Cortright Metal Shingles, 20-odd years after laying, are as sound as a dollar. In the coldest climate, in the hottest airs, they remain the same.

Fireproof, waterproof, windproof, wearproof—they make the best of all roofs. The first cost is no more than wood shingles, the final cost is less than half—and they permanently retain their artistic appearance.

THE SHOP AND RAIL NEWS

HEAVIEST FOG IN HISTORY

Railway Engineeers Say Last Night Was Worst of Experience.

COULDN'T SEE 100 FEET BEYOND PILOT

Wabash Shops Adds to Its Working Force—News at Depots.

Old railroad men say that the fog which settled over this part of the country last night was the most dense ever witnessed by them. It was impossible to see 100 feet ahead of the train they say, and the engineer had to just suppose the track was clear and go ahead. And so far as learned he was correct in that opinion, for no accidents have been recorded. Michael Laughlin, the engineer on Pennsylvania train No. 18 on the run down from Chicago this morning, has been railroading over a third of a century and the fog was the "worst he ever saw," he said this morning. At Plymouth Engineer Laughlin oiled his engine and looked over it to see that all was right and when he arrived in Fort Wayne he was surprised to find the pilot broken and evidence that the locomotive had struck something. No accident has been reported, however, and the obstacle encountered must have been a piece of timber which rolled off a passing wagon or had been placed on the track intentionally or otherwise. The damage was confined to the pilot.

HIRED NUMBER OF MEN.

Wabash Shop Force Receives Big Addition.

The Wabash shop force received quite a number of additions yesterday and today, most of the men being boilermarker helpers, machinist's helpers and laborers. Among them were Clarence Weaver, F. Freach, John Irwin, M. Spiegel, Oscar Moore, H. J. Smith, Ed Herrington, Roy Connors, Charles Davis, D. B. McKinzie, Clem Graham, Charles J. Feaser, Alva Thompson, Carl Lancaster and Fred Hoppel. The shop force is now at the maximum point and in the distribution of pay checks this morning Paymaster Francisco gave 550 to men who are employed in the shops. Men in the freight house and in the maintenance of way and yard forces bring the total number of employes in Fort Wayne to about 700.

SEEK LAY OFF IN VAIN.

Nickel Plate Trainmen in Good Health Can't Be Spared.

Business is quite heavy on the Nickel Plate and men who are able to work are having trouble in getting leave of absence to attend the fair or for other purposes. Of course, they are released from duty if sick or if some member of their family is sick, but nothing else goes at present. The company is also hiring more brakemen, the following being added to the rolls yesterday: Charles F. Bowman, Milton O. Brown and E. M. Gallary.

HARRY KNOLL IS A PAPA.

A letter to Machinist W. H. Knoll, of the Wabash shops, yesterday brought the surprising news of the birth of a daughter to Mr. and Mrs. Harry Knoll, of Los Angeles, Cal. The parents have been married twelve years and this is their first child. If the little one brought them as much joy as the news of her advent did to Grandpa and Grandma Knoll, they they are exceedingly happy. Harry Knoll is a machinist and is engaged in automobile work at Los Angeles. For several years he was employed at the Wabash shops and the Electric Lights in this city.

HOMESEEKERS' TRAVEL.

Homeseekers' business is beginning to look up a little and the agents of the several lines that participate in it believe the business will be unusually heavy this fall. Today the Pennsylvania led in the number of tickets sold, sending a party of ten to western Canada, twelve to northern Michigan, and four to Arizona. The Nickel Plate sent four to Kansas and will have a party out this evening for other western points. The Wabash sent five homeseekers to Texas and two to Nebraska.

OFFICES FOR FOREMEN.

Each of the gang foremen at the Pennsylvania round house now has a neat little office, with desk room for two, conveniently located within the building in which he does his clerical work and keep his books and papers. There are three of these little offices, one each for Fred Hilgeman, foreman of the passenger department; one for Peter Goda, foreman of the air brake department, and one for William Gibson, foreman of the freight department.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Sept. 20.—Encouraged by bullish foreign news, speculators bought wheat freely today and prices advanced. Many traders who went home short last night were covering busily this morning. The European visible supply showed a smaller increase than expected, and there was a rise in Black Sea freight rates. Sharply higher quotations at Liverpool formed a more decisive influence against the bears. The market here opened ⅛@⅜c to ⅝@¾c up. December started at $1.00½ to $1.00¾, a gain of ⅛c to ¼c. Selling for both southwest and northwest account, however, caused a reaction to $1.00⅜. With the greater part of the corn crop in some of the leading states reported out of danger except from a severe freeze, the market today dragged lower. December started a shade off to a shade up at 53c to 53⅛c, touched 53¼c and declined to 52⅝c.

Demand for oats was not brisk. December opened ⅛@¼c down at 35½@35⅝c and eased off to 35½c.

A lower market for hogs combined with slowness of cash inquiry made provisions weak. First prices were unchanged to 10c off, with the January option at $18.25 for pork, $10.65 for lard, and $9.67½ to 9.72½ for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 20.—Gains of ⅛ to a full point were made by the principal active stocks in the first few minutes of trading today. Dealings were fairly active and well distributed. Union Pacific, Reading and American Smelting made 1 point advances and St. Paul, New York Central, Missouri Pacific and Pacific Mail large fractions. Louisville & Nashville declined ⅝ and Central Railroad of New Jersey sold at a decline of 5.

A handful of specialties moved up sharply, but the usual market leaders did not rise much over the opening figures. Manhattan gained 2¾, Pacific Mail 1⅝, Consolidated Gas 1¼ and Southern Railway preferred, American Sugar, Tennessee Copper and American Linseed Oil 1.

American Beet Sugar rose over a point to 38½c. The market otherwise was inclined to sag.

Weakness in United States Steel affected the whole market. That stock sold down from 68¼, its high price of the morning to 66⅝. Union Pacific, Reading, St. Paul, Amalgamated Copper, American Smelting and Consolidated Gas were also down 1 to 1⅛ from their best prices and a fraction below last night. Bethlehem Steel preferred sold 3 points under yesterday's closing and Illinois Central, American Can preferred advanced 1 point.

Dealings in stocks were restricted to the professional hands. The rise in prices was in consequence of resistance yesterday to operations for the decline. The advance in turn attracted selling orders and limited the movement. Northern Pacific and Mercantile Marine preferred rose 1, but the general list receded from the first hour's prices. Bonds were firm.

The market closed steady and very dull. The decline in Union Pacific, United States Rubber and Virginia-Carolina Chemical reached 1, American Locomotive and Great Northern Ore Certificates 1½, Rock Island preferred 2 and Lackawanna 1⅝. There was some rally afterward when shorts covered. Sloss-Sheffield Steel rose 1½.

OIL.

Toledo Market.

Toledo, O., Sept. 20.—North Lima, 82c; South Lima and Indiana, 77c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Sept. 20.—Gains of ⅛ to a full point were made by the principal active stocks in the first few minutes of trading today. Dealings were fairly active and well distributed. Union Pacific, Reading and American Smelting made 1 point advances and St. Paul, New York Central, Missouri Pacific and Pacific Mail large fractions. Louisville & Nashville declined ⅝ and Central Railroad of New Jersey sold at a decline of 5.

A handful of specialties moved up sharply, but the usual market leaders did not rise much over the opening figures. Manhattan gained 2¾, Pacific Mail 1⅝, Consolidated Gas 1¼ and Southern Railway preferred, American Sugar, Tennessee Copper and American Linseed Oil 1.

American Beet Sugar rose over a point to 38½c. The market otherwise was inclined to sag.

Weakness in United States Steel affected the whole market. That stock sold down from 68¼, its high price of the morning to 66⅝. Union Pacific, Reading, St. Paul, Amalgamated Copper, American Smelting and Consolidated Gas were also down 1 to 1⅛ from their best prices and a fraction below last night. Bethlehem Steel preferred sold 3 points under yesterday's closing and Illinois Central, American Can preferred advanced 1 point.

Dealings in stocks were restricted to the professional hands. The rise in prices was in consequence of resistance yesterday to operations for the decline. The advance in turn attracted selling orders and limited the movement. Northern Pacific and Mercantile Marine preferred rose 1, but the general list receded from the first hour's prices. Bonds were firm.

The market closed steady and very dull. The decline in Union Pacific, United States Rubber and Virginia-Carolina Chemical reached 1, American Locomotive and Great Northern Ore Certificates 1½, Rock Island preferred 2 and Lackawanna 1⅝. There was some rally afterward when shorts covered. Sloss-Sheffield Steel rose 1½.

THE MONEY MARKET.

New York, Sept. 20. — Close: Prime mercantile paper, 5½@6 per cent.

Sterling exchange, steady, with actual business in bankers' bills at 483.50@483.60 for sixty day bills, and at 486.15 for demand.

Commercial bills, 483¾.

Bar silver, 58¾c.

Mexican dollars, 44c.

Government bonds, steady.

Railroad bonds, firm.

Money on call, easy, at 1⅞@2 per cent; ruling rate, 1¾ per cent; closing bid, 1¾ per cent; offered at 2 per cent.

Time loans, dull and steady; sixty days, 4 per cent; ninety days, 4@4¼ per cent; six months, 4½ per cent.
